

Request USPS to NOT Adopt Service Restrictions

Please do not pass the proposed policies that are being considered to restrict USPS services. Some of us use the service more than perhaps Dejoy does or perhaps more than do some of you do. I'm a 70 year old retiree and I continue to use the mail service as I always have. I receive and pay bills, order/receive materials. Service is even in the name of the USPS.

In addition the cutbacks from the past year need to be reversed. I think that decommissioning/dismantling sorting equipment is destruction of federal property. Sounds like a crime.

If you are in doubt about the need for the restoration of services, just look at the people who receive their medications thru the mail. If you are in doubt about the legacy, watch the courtroom scene in the movie 'It's a Wonderful Life' (that scene always chokes me up).

Benjamin Franklin got it right. Please don't be the ones to screw it up.
